About Buyamba

Buyamba Uganda Inc., a non-profit corporation, was founded in the U.S to support Buyamba Uganda Outreach and God Cares Schools. We provide love, care and support to orphaned and disadvantaged children in Uganda through our child sponsorship program and the faithful donations from benefactors throughout the United States. Currently, Buyamba Uganda supports over a thousand students in our Nursery/Primary School & High School programs.

The Gift of Child Sponsorship is $35 a month

Children are struggling and dying in Uganda, Africa. The country is crippled by HIV, debt, and lack of industry. Therefore, the government is unable to supply the support resources it needs to rescue its children. Education is the only way these children will one day rise above their circumstances. For $35 a month you can send a child to school and cover all of the basic needs. Sponsors can make a life-changing difference in these precious lives.
