

About Buyamba Uganda

Buyamba Uganda Inc., a non-profit corporation, was founded in the U.S. to support Buyamba Uganda and God Cares Schools. We provide love, care and support to orphaned and disadvantaged children in Uganda through our child sponsorship program and the faithful donations from benefactors throughout the United States. Currently, Buyamba Uganda supports over a thousand students in our Nursery/Primary School & High School programs.

The Gift of Child Sponsorship is only \$35 a month

Children are struggling and dying in Uganda, Africa. The country is crippled by HIV, debt, and lack of industry. Therefore, the government is unable to supply the support resources it needs to rescue its children. Education is the only way these children will one day rise above their circumstances. For \$35 a month you can send a child to school and cover all of the basic needs. Sponsors can make a life-changing difference in these precious lives.

God Cares School Kampala, Uganda, East Africa

Thank you for stretching out your hand to support this ministry. With God's blessings and your sponsorship, Buyamba Uganda will reach its goal of providing spiritual, physical, educational, and emotional care for all the children of Uganda...one child at a time.

Bethuel and Florence Dongo

Our Mission

After seeing such great need within Uganda, God put it on Bethuel and Florence's hearts to reach out to His people; people with AIDS (HIV), orphans, abandoned children, and needy children whose parents are too sick or destitute to care for them. Recognizing thousands of needy children lacked love, education, and simple basic needs, they started Buyamba Uganda Orphan Outreach.

Once they identified these children and saw to their critical needs, education was next. They realized they would have to start a school to educate these children, due to the lack of free public education. Recent statistics show that only 3 out of 10 children might have the privilege of attending school. God Cares School was started in 2002 with 97 children, and today has an enrollment of over 1,000 children.

No One Can Advance Economically Without Education

Pastor Dongo at God Cares High School

Nowhere is that more true than in Uganda, which is the reason the Child Sponsorship Program was started. While some children are able to remain with family members, that is not always ideal. Often these relatives neglect the children or use them as servants for the rest of the household and some may even end up on the street.

You Can Make a Difference

Give a gift today to help build the high school. Please join us in our mission to empower the children of Uganda to impact their community. As we build more classrooms, we can take in more children to educate and disciple, who will in turn raise their generation out of the circumstances of poverty. Any amount will help make this dream a reality.
