January 2025

Helping Uganda...one child at a time

## WELCOMING 2025 WITH PRAISE!

We have a lot to celebrate at God Cares Schools! Last year, we ministered to 1,919 students from nursery to university! Our vision is to impact the nation of Uganda by empowering its children through education and discipleship. That starts by loving them and caring for their basic needs and moving to the goal of reaching the whole child spiritually, intellectually, emotionally, and physically.

The New Year then starts with praise!

We have succeeded in caring for children during our first 25 years. In our next 25, we will go forward with prayer, faith, and trust in the Lord that has led Buyamba this far!

*"LORD, you are my God; I will exalt you and praise your name, for in perfect faithfulness you have done wonderful things, things planned long ago. "*  
- Isaiah 25:1

Going forward with the mission of Buyamba means reaching the orphaned and needy children on the streets of Uganda... the children of the slums and nearby villages, some who have never gone to school because they could not afford it or must work so their families can eat. These children of our sponsorship program now have hope because they are supported in school that both disciplines and educates them.

Sponsorship helps the whole family, whether a child has a family who lives in poverty or who has lost a parent by death or abandonment. Having their child in school brings hope to the family and the village surrounding them. Buyamba's prayer is to reach more children and their families who desperately need help.

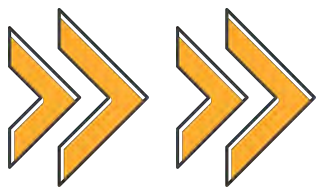

### School Calendar for 2025

Term 1 - February 2 - May 2

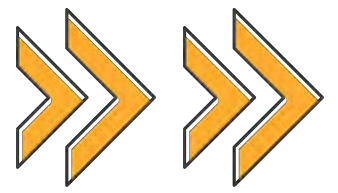

Term 2 - May 26 - August 22

Term 3 - September 9 - December 12

**Note:** This year, Bible Camp will be held for both the primary and secondary students at God Cares Schools.

# THE VISION FORWARD

Buyamba's aim is to grow the outreach capabilities of God Cares School in every way as we educate more students and impact more families and communities for Christ! This involves strategic planning to serve those students at God Cares Schools.

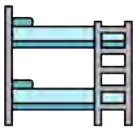

**Education:** Continue to grow a school of excellence, starting in nursery school through primary and secondary schools to empower and equip the students to launch into university or trade schools.

**Discipleship:** Teach students about Jesus and teach them how to walk with Him in their daily life through teaching with weekly chapels and annual Bible camp.

**Farm:** Expand the staple crops such as wheat and posho that will sustain both schools year-round while continuing to grow vegetables and raising farm animals.

**Dormitory Facilities:** Finish the girls' and boys' student dorms at the high school and start on the much-needed multi-story dorms at the primary school.

**Trade School:** Complete the God Cares Trade School certification to be an officially recognized trade school, offering classes in catering and nutrition, tailoring, and, eventually, agriculture.

**Staff Housing:** Continue developing this need as a high priority at both schools to serve our teachers and staff well by providing housing in the school and/or surrounding community.

**Medical Center:** Create and implement plans for an equipped center to meet the needs of our students, staff, and the community that surrounds the high school.

*We appreciate our sponsors and donors who partner with us to make an impact on the nation of Uganda! We pray for you as we pray for God Cares School, for you are a part of the foundation that God has built in the heart of Kampala, Uganda.*
