

These projects are geared towards kids working together to help other kids across the world with a personalized project that fits each individual group. Whether that is a church's VBS or AWANA group, or a school's student council project or an all-school fundraising effort, Kid2Kid can offer this type of opportunity for any young community.

● ●

A group of children and adults are participating in a coin-sorting activity. In the foreground, a child with blonde hair is pouring coins from a metal cup into a blue bin. Another child is sorting coins in a red bin, and an adult is pouring coins from a glass jar into a blue bin. The bins are filled with various US coins, and a small sign is visible in one of the bins. The background shows other people and a well-lit indoor space.

Recycling

Bake Sale

The kids bake treats to raise money within their given community.

Donut Sale

The kids sell donuts once a week to raise money within their given community.

Special Dress Day

For those schools that wear a uniform, you allow the students to wear "free dress" or have a "themed dress day which includes kids bringing in a small donation to wear a given dress.

Garage Sale

Kids collect items to price and sell at a school/church-wide community garage sale. A fun event for all! An adult leader is needed to book a place/date to have a huge multifamily like sale. A goal can be established beforehand to encourage participants.

Jog-A-Thon

Kids get friends and family to sponsor them to run! They can be sponsored per lap around the track or a simple donation per kid. A jog-a-thon can be organized as a fun event with a fair-like atmosphere if you are interested in putting in more time & effort. Kids can be given ribbons of completion as they run through the finish line. If your school/group already does a jog-a-thon consider giving a small gift off of the total proceeds to make an impact on the kids in Uganda and the kids in your community. If your school is already doing a jog-a-thon, thinking about combining efforts to help the cause.

WHAT COULD THE MONEY BE USED FOR?

There are many "Love Gifts" that kids can raise funds for to help kids in Uganda. We have many ideas, from purchasing farm animals, school uniforms, desks to sponsoring a child to go to a week long bible camp

Visit our website for a full list of
"Love Gifts" It's always being
updated!

One of our favorite projects is to purchase "The Shoes that Grow." We have partnered with Because International to buy our students an amazing shoe made out of tire material that grows 5 sizes and lasts 5 years at \$15 per pair! This is a great answer for our kids living in a third world terrain in constant need of durable shoes that keeps their feet from disease and injury.

THANK YOU!

Please let us know if you are interested in scheduling one of these projects or if you are embarking on one of your own creative ideas. If you would also like a Buyamba representative to come and share stories about the children of God Cares School with your group, we would love to meet with you to discuss ways your group can have an impact on the precious children of Uganda.

Buyamba is big on building relationship. We are always open to youth church or school groups doing a short-term mission trip to visit God Cares School in Kampala, Uganda. We would be happy to give you more detailed information if this is an option for your group, but if going to Uganda is not an option, we can offer many ideas and suggestions that you can do to start building relationships with kids on the other side of the world!

Use our ideas to create that Kid2Kid contact or come up with your own to share. We would love to hear and see photos of what you come up with. We appreciate your consideration, and look forward to partnering with you!

Blessings,

Julie Dimas
